DOMAINE DUROCHÉ

PROPRIÉTAIRE - VITICULTEUR

2022

VINTAGE

The vintage got off with a good start, with a quite dry and pleasant spring. On June 21, 2022, Gevrey-Chambertin was struck by a fierce hail storm coming from Combe de Lavaut, causing massive floods in the village. As a result, Lavaut's vines were affected, however, the drought of the following days helped in reversing the damages. August was very hot, speeding up the natural cycle of the vines. We started harvesting on August 26, 2022.

The vintage is marked by a lovely balance and a pure aromatic definition. The tannins are elegant and crisp for this vintage of extremes.
